Claim Rejections - 35 USC § 112

Claims 11-17 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

See the appropriate paragraph of paper 3.

Applicants' remarks state black will absorb all the light and therefore have no influence on reflected light. The claim requires reflection of light at a measured wavelength and having no influence on reflected light. If all the light is absorbed how can any light be reflected at a measured wavelength or not influencing other reflected light ?

Claim Rejections - 35 USC § 102

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 11-17 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by Applicants admitted prior art on page 6 of the specification in reference to JP-A-4-188065.

See the appropriate paragraph of paper 3.

Response to Arguments

Applicant's arguments filed 8/21/02 have been fully considered but they are not persuasive.

Applicants' remarks concerning the 35 USC 112 second paragraph issues have been addressed above.

Art Unit: 1743

Applicants' state the reference to JP does not include the statement "this cover ..." but rather is referring to the instant invention. The Office maintains a fair reading of this portion of the specification attributes this characterization to the JP reference. Applicants' are encourage to provide a copy/translation of this JP reference and amend the specification to reflect what is stated in the JP document.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
